

ADMINISTRATIVE OFFICE of PENNSYLVANIA COURTS

**TO:** Judiciary Members enrolled in the Prescription Drug Plan

**FROM:** AOPC - Human Resources

**RE:** Prescription Drug Exclusions

***If you or a covered family member use one of the drugs excluded from coverage for next year, it will be very important for you to contact your doctor as soon as possible to discuss whether one of the covered alternative medications would be appropriate for you.***

In some situations, your doctor may feel it is medically necessary for you to remain on a medication that is on the excluded list. If this is the case, they should contact BeneCardPBF by phone at 1-888-723-6001 or fax at 1-888-830-9450 to provide the clinical information and request a Formulary Exception. The request will be reviewed and evaluated by physicians at BeneCard, and if approved, you and your doctor will be notified that you may continue to obtain the excluded drug by paying the appropriate co-pay.

The 2024 BeneCard PBF Performance Formulary excluded drugs are listed below. These medications have preferred alternatives on the Performance Formulary. Please ask your prescriber to consider writing your prescription for one of the preferred alternatives. Log on to [www.benecardpbf.com](http://www.benecardpbf.com) for the current formulary and to compare drug prices. Other prescription benefit considerations may apply. BeneCard PBF manages your prescription benefit for your employer, plan sponsor or health plan. These changes do not apply to Medicare plans.

## Preferred alternatives to medications that are not included on the formulary

The BeneCard PBF Performance Formulary is your list of covered drugs. BeneCard PBF is trusted by your employer or health plan to help you get the medicine you need to feel better and live well. Our pharmacy experts work hard to make medicine more affordable for everyone.

The BeneCard PBF Performance Formulary is the list of drugs covered by your health plan. It was designed to push back against today's high costs for medicine. BeneCard PBF works by offering alternatives to more expensive drugs. This helps people get the right medicine at the best cost.

- If you use a non-covered drug, you may pay the full price.
- Talk to your doctor about switching to one of the alternative drugs listed on the formulary.

Brand-name drugs are listed in CAPITAL letters.

Generic drugs are listed in lower-case letters.
