RE: Prescription Drug Exclusions

If you or a covered family member use one of the drugs excluded from coverage for next year, it will be very important for you to contact your doctor as soon as possible to discuss whether one of the covered alternative medications would be appropriate for you.

In some situations, your doctor may feel it is medically necessary for you to remain on a medication that is on the excluded list. If this is the case, they should contact BeneCardPBF by phone at 1-888-723-6001 or fax at 1-888-830-9450 to provide the clinical information and request a Formulary Exception. The request will be reviewed and evaluated by physicians at BeneCard, and if approved, you and your doctor will be notified that you may continue to obtain the excluded drug by paying the appropriate co-pay.

BeneCard PBF Performance Formulary Drug List Exclusions 2025

The 2025 BeneCard PBF Performance Formulary excluded drugs are listed below. These medications have preferred alternatives on the Performance Formulary. Please ask your prescriber to consider writing your prescription for one of the preferred alternatives. Log on to www.benecardpbf.com for the current formulary and to compare drug prices. Other prescription benefit considerations may apply. BeneCard PBF manages your prescription benefit for your employer, plan sponsor or health plan. These changes do not apply to Medicare plans.
